Court Receives Case Participant Balance Query (FCC807)

Exchange Description

A trial court uses this NIEM-based data exchange to receive a request for case participant balance information from an integration partner. Adult probation or juvenile probation may use this service to request the balance due for a specific case participant.

- The notification message from the integration partner contains the balance query request with the case participant search parameters (e.g., case number, participant ID, and name).
- The response message sent by the trial court to the integration partner contains the query result, either the case participant balance due, if there is one (e.g., CCMS case number, participant, and balance due), or a rejection indicator and reason.

Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

Error Handling

If the trial court does not successfully receive and process the incoming message, the integration partner will receive an error message with an error code and error reason.

PROBABLE INTERESTED INTEGRATION PARTNERS

- Probation—adult and juvenile

RELATED EXCHANGES

Related data exchanges are any preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.

- There are no related exchanges for this data exchange.
